

**CLIFTON  
CLIMATE  
ACTION**

**WILDER  
CLIFTON**

## Let's wild Clifton up!

We know our wildlife needs help – and private gardens cover more land in Britain than all our nature reserves combined. So join us and:

- get tips on how to make your garden wilder
- add your garden's wildlife-friendly features to our interactive map
- visit (online or in reality) Manor Gardens in York Place, where a conservationist is leading neighbours to bring back wildflowers, pollinators, hedgehogs and more
- increase your impact – get your friends and neighbours to join in

**Come and join us!**
